c. Available Data Plans

- i. **Base Monthly Plan.** Users that sign up for the monthly subscription plan will pay monthly fees in accordance with this paragraph. If you choose a monthly plan, any subsequent activation of another MM Device on Your account will be billed a prorated amount based on the number of days remaining in Your monthly plan cycle, and then billed monthly on the Monthly Billing Date. For illustrative purposes, if a user activates a 1st MM Device on the 19th of the month (setting the 19th as the Monthly Billing Date), the user will be billed on the 19th of each subsequent month for the 1st MM Device until terminated. If the user activates a 2nd MM Device on 6th of a subsequent month, the user would pay a prorated monthly fee for service from the 6th-19th, and then pay full amount on 19th for both MM Devices for the next month. If activation is on the 31st of a month, the Monthly Billing Date may be moved back to the 30th of the month or forward to the 1st of the next month.
- ii. **Base Yearly Plan.** Users that sign up for a base yearly subscription plan will pay fees in accordance with this paragraph. The date of activation of Your first MM Device on Your account will normally set your billing cycle date (Yearly Billing Date). If you choose the yearly plan, any subsequent activation of another MM Device on Your account will be establish a new Yearly Billing Date for the additional MM Device and You will be billed the full annual plan amount for the following 12 months of service for the second MM Device. In other words, when activating another MM Device to Your existing account, if You choose an annual plan, Your charge will not be prorated based on Your existing Yearly Billing Date for the first MM Device activated on Your account.
- iii. **Pro Annual Plan.** Users that sign up for the Pro Annual Plan will pay fees in accordance with this paragraph. The date of

activation of Your first MM Device on Your account will normally set your billing cycle date (Yearly Billing Date). You will be billed the full annual plan amount for the following 12 months of service, and annually on the Yearly Billing Date until terminated. Any subsequent activation of another MM Device of Your account under the Pro Annual Plan will be billed a prorated amount based on the number of days remaining in Your yearly plan cycle, and then billed the full amount yearly on the Yearly Billing Date. For illustrative purposes, if a user activates a 1st MM Device on the January 1, 2023 (setting 1/1/2023 as the Yearly Billing Date), the user will be billed on the full annual plan amount for the 1st MM Device on January 1, 2023. If the user activates a 2nd MM Device on July 1, 2023, the user would pay a prorated yearly fee for service from the July 1, 2023 – December 31, 2023 (approximately $\frac{1}{2}$ of the annual fee) for the 2nd MM Device, and then pay full amount on January 1, 2024 for both MM Devices for the next annual fee.

- iv. Any accounts that are deactivated, and then reactivated, will receive reset billing cycle dates as outlined above.
- v. Moultrie reserves the right to modify, terminate, or otherwise amend the offered subscription plans and promotional offers at any time in accordance with these terms. Subject to applicable law, you accept the new price by continuing to use the Platform after the price change takes effect. If you do not agree with the price change, you have the right to cancel your Platform access pursuant to Section 17.

d. Billing

Moultrie will bill the credit card You have saved to Your account according to the terms of the Data Plan you have selected based on Your MM Device activation(s) as described above. Monthly plans are

billed once a month on the Monthly Billing Date set during activation. Annual plans are billed upfront for the cost of the selected plan for the following 12 months and yearly thereafter on the Yearly Billing Date. The charge will consist of the cost for the plan rate You have selected for each MM Device plus any applicable taxes. The charge will appear as Moultrie Mobile.

Note that any taxes displayed on the website or app are estimates and may change when the transaction processes.

Should We be unable to process Your card on Your billing cycle, we will retry Your card over the next few days (up to three retries). New images/video may not transmit to your account until we are able to collect the past due balance.

In accordance with section 20 e, if we are unable to process Your card after all retry attempts (which may occur within 2 – 7 days), we will cancel/deactivate Your MM Device and you may not have access to any previously stored images/video.

e. Data Plan Cycle

Moultrie makes a number of different Data Plans available that have differing levels of cost and differing levels of the number images/video that will be transmitted and made available to You each month, for example, 100 images/videos per month, 1000 images/videos per month, or unlimited images/video per month. For Base Monthly Plans, Your Data Plan cycle aligns with your Monthly Billing Date and the number of images/videos that will be transmitted and made available to You will reset each month on your Monthly Billing Date. When a MM Device is activated on an Base Annual Plan, the number of images/video that will be transmitted and made available to You will also reset monthly according to the day of the Yearly Billing Date (e.g., if the Yearly Billing Date is January 10, 2022, the plan resets monthly on the 10th of each month). A Data Plan cycle date is set for each individual MM Device active on a Base Annual Plan. For example, if You select a Data Plan that allows 1000 images per month, but You only use 900 images in a month, the 100 unused images do not carry over to the next cycle. Unused data or images/video remaining at the end of

Your plan cycle will not roll over to the next month. There will be no refunds or credits issued for unused images/video.

If more than the allotted number of images/videos are taken during any Data Plan cycle, they are stored until the end of the then-current Data Plan cycle and are transmitted and made available to You during the next Data Plan cycle. For example, if you select a Data Plan that allows 1000 images per month, and 1000 images are taken and transmitted to you by the 29th day of the Data Plan cycle, and an additional ten (10) images are taken on the 30th day of the Data Plan cycle, those additional ten (10) are stored until the current Data Plan cycle ends, and are the first ten (10) images transmitted in the next Data Plan cycle. The ten (10) images sent in the subsequent Data Plan cycle will apply to the allotted number of images/videos transmitted under the Data Plan. In this manner, no images are lost by You, although some images/videos may not be received by You until a later Data Plan cycle if more images/videos are being taken than allotted under the selected Data Plan Cycle.

Network or system service may be temporarily unavailable due to emergency or periodic network maintenance or other potential unforeseen temporary service disruptions. Moultrie cannot guarantee system availability at all times and will not be liable for refunding Data Plan charges in the event of system disruption.

f. Renewal

Your plan will automatically renew monthly or annually based on the plan You selected at activation unless You cancel Your service on each MM Device by 4pm CST the day prior to your billing date.

g. Data Plan Changes

Changing to a more expensive plan takes effect immediately and you will be charged the prorated amount for the higher plan price based on the number of days remaining in your plan cycle.

Except if you reside in the Province of Quebec, changing to a less expensive plan must be requested by 4pm CST the day prior to your billing date. Changing to a less expensive plan takes effect at the

start of your next plan cycle, for example, on the next Monthly Billing Date or next Yearly Billing Date, as applicable. If you reside in the Province of Quebec, changing to a less expensive plan can be requested at any time and you will receive a prorated refund based on the number of days remaining in your plan cycle.

Moultrie reserves the right to modify, terminate, or otherwise amend the offered subscription plans and promotional offers at any time in accordance with these terms. Moultrie may change the prices of subscription plans, including recurring and renewal subscription fees from time to time, and will communicate price changes to you by the email on file for your account in advance of the effective date of such changes. Price changes will take effect at the start of the next subscription period following the date of the price change. Subject to applicable law, you accept the new price by continuing to use the Platform after the price change takes effect. If you do not agree with the price change, you have the right to cancel your Platform access pursuant to Section 17.
